

Why Choose MYOB

Over 1.2 million businesses trust MYOB to provide the best possible accounting solution. It's time you joined them.

From simple solutions that make bookwork quick and easy, to feature rich options for the more established business, MYOB offers online accounting for everyone.

Whatever solution you choose you'll be backed by:

- Complimentary training and e-learning support;
- Extended hours phone and online support 7 days a week; and
- Ongoing updates and enhancements to continually improve your experience.

With over 20 years' experience, MYOB has established strong industry relationships and commits over \$30M annually to ensure your product is up-to-date with any industry and technological advancement.

If you're looking for an online accounting solution that's right for your business, contact your Harris Black team member today.

MYOB Online Accounting

Business life is never easy. But MYOB makes it easier.

If you're finding you're spending more time on bookwork and less on your best work, you need to go online with MYOB.

A MYOB online accounting subscription gives you:

- A free mobile app so you can manage your business on the go;
- Flexibility to do the accounts and share information with your accountant regardless of location;

- Automatic bank reconciliation that can save you up to 10 hours of data entry a month;
- Smart features to reduce your paper filing and make record keeping easier; and
- Fast and easy software updates so you're always up to date.

Online Accounting For People Who Love What They Do

MYOB Essentials Accounting

Looking for a fast and easy way to manage your cash flow and ATO compliance requirements? You need MYOB Essentials Accounting.

Quick and easy to set up, it has everything you need to make business life easier, including payroll.

Essentials Accounting has no software to install and because it's online you can work on the go.
